Final Service Provider Fee Disclosure Regulation: Are You Ready Now?

Jay Turner will present on the final regulation regarding service provider fee disclosures under Section 408(b)(2) of ERISA at the February 21, 2012 meeting of the Alabama Profit Sharing/401(k) Council. Jay will walk us through the regulation, highlighting the information “covered service providers” are required to provide to “responsible plan fiduciaries” and noting the changes from the prior “interim final” regulation. He will also describe how responsible plan fiduciaries can effectively interpret the disclosures and communicate them to plan participants.

Jay Turner is an attorney with the law firm of Bradley Arant Boult Cummings LLP. Jay has devoted his entire legal career to representing employers in employee benefits matters. He has extensive experience counseling clients in the development of employee benefit programs, drafting plan documents, and representing employers before the Internal Revenue Service and Department of Labor. He applies his technical expertise to bring practical solutions to his clients.

Mark Your Calendar for our next Quarterly Meeting on May 15, 2012.
