LETTER FROM THE FOUNDATION COMMITTEE

Bradley Arant Boult Cummings LLP (BABC) has a long history of supporting charitable, educational, and civic organizations. This commitment is expressly included in the firm's core values. BABC contributions to charitable organizations were approximately $1 million in each of 2010 and 2011. Our attorneys and staff contributed approximately 21,000 hours in 2010 and 28,000 hours in 2011 for the benefit of organizations in their communities. BABC's support of charitable organizations and the extensive volunteer efforts on the part of our attorneys and staff have benefited numerous community organizations in the areas of education, health care, medical research, homelessness, diversity, and many other important causes.

The Bradley Arant Boult Cummings Foundation was established in 2010 to manage the firm's charitable giving more effectively and to facilitate a greater degree of interaction among BABC, its attorneys and staff, our clients, and the charitable and civic organizations we support. We believe it is important to report to the firm and community each year on the charitable, community, and pro bono activities of BABC and the Foundation. To that end, we hope this report is informative and wish to thank each of you who have contributed your resources and time to help those in need and to make our communities a better place to live and work.

A $25,000 donation from Bradley Arant Boult Cummings' Jackson office has funded a new exhibit at the **Mississippi Children's Museum** called the Author Bench. The exhibit is an interactive, literacy-based activity center featuring legendary Mississippi writers and their books.

"The Author Bench is such an innovative way to promote literacy and interest in the great writers of Mississippi. It is already a definite hit with our visitors."

BABC sponsored the March of Dimes' 2010 and 2011 March for Babies in Nashville and Birmingham, as well as the 2010 Signature Chefs of Birmingham event. The **March of Dimes Foundation** uses 77 cents of every dollar raised for the March for Babies to support research and programs that assist mothers through full-term pregnancies and help babies begin healthy lives. Funds are also used to bring comfort and information to families coping with a premature birth or an ill newborn.

BABC was a 2010 corporate sponsor of the Steele family build in Birmingham, Alabama. Through the work of Habitat for Humanity, thousands of low-income families have found new hope in the form of affordable housing.

PRO BONO EFFORTS

BABC has a long and distinguished history of involvement in, and strong commitment to, the communities where its lawyers live and practice. This is recognized and encouraged through the firm's pro bono program. The firm believes that all of its lawyers have an ethical obligation to help address the unmet legal needs of indigent individuals and charitable institutions. Pro bono service at BABC includes the representation of indigent individuals and nonprofit organizations, and involvement in matters of broad public concern, such as:

ALABAMA

• **The Conservation Fund** (www.conservationfund.org/): The firm serves as counsel to one of the country's premier conservation organizations in connection with the purchase of a tract of land in Alabama's Coosa County which will extend the Pinhoti Trail and ultimately connect major long-distance hiking trails in the state to the Appalachian Trail.

• **aTeam Ministries** (www.ateamministries.org/): This nonprofit organization works closely with Children's Hospital in Birmingham to provide emotional, spiritual, and financial support to families with children undergoing treatment for cancer and blood disorders. BABC assisted aTeam with incorporating as a nonprofit and in securing tax-exempt status.

• **Rural and Urban Self Help (RUSH) Initiative** (www.rushinitiative.org/): RUSH, a grassroots, community-driven nonprofit has developed a program called First Teachers@home, which mentors parents in working with their children to help them succeed academically. BABC serves as counsel to RUSH in connection with drafting agreements between First Teachers@home and local schools and boards of education.

• **Birmingham HELP Program**: Through a collaborative partnership with other Birmingham law firms, BABC attorneys provide pro bono legal advice and assistance to homeless men and women at the Old Firehouse Men's Shelter and the First Light Women's Shelter. Attorneys have helped these clients with a variety of legal issues, including obtaining driver's licenses, applying for government benefits, and clearing up minor problems that had prevented individuals from obtaining employment or housing.

TENNESSEE

• **TennCare** (www.tn.gov/tenncare/index.shtml): This health care program is run by the Tennessee Justice Center and serves 1.2 million people statewide, half of whom are children. The firm's attorneys have contributed more than 1,200 hours to assist individuals and families that have been denied medical coverage and services. For its efforts, the firm was recognized by the Tennessee Justice Center as "Pro Bono Firm of the Year" in 2008. Since then, BABC has increased its work with the organization.

• **Lawyers Serving Warriors** (www.lawyersservingwarriors.com/): BABC actively represents veterans through the Lawyers for Warriors Project, an initiative which provides legal assistance to veterans from Operation Iraqi Freedom and Operation Enduring Freedom. Many of the firm's attorneys have represented veterans suffering from Post Traumatic Stress Disorder and Traumatic Brain Injury with their benefits struggles. Since BABC began working with the program in January 2009, the firm has contributed more than 420 hours of service.

MISSISSIPPI

• **Mississippi Volunteer Lawyers Project** (www.mvlp.net/): The firm devotes a significant amount of pro bono time to assisting the Mississippi Volunteer Lawyers Project (MVLP). The program provides legal assistance to eligible low-income individuals with important civil legal matters where counsel is otherwise unavailable. The goal of the MVLP is to promote the economic stability and safety of families, children, and individuals and to help foster client self-sufficiency. In addition to handling cases for MVLP, BABC attorneys have developed a manual of legal research and forms for use by the organization, and have organized and taught trial practice courses for legal services lawyers.

• **Hurricane Katrina**: The firm's attorneys continue to provide pro bono representation to hurricane victims through a hotline established by the Young Lawyers Division of the Mississippi State Bar and by handling cases referred to the firm.

• **Children in State Care**: The firm represented a statewide class of children in foster care in a suit brought against the Mississippi Department of Human Services. The case resulted in the state's agreeing to numerous foster care system reforms.

"Because of her vast knowledge of the regulatory climate at the state and federal levels, it gave me great comfort to know that she was standing by us. . . she loved DCH, and she often expressed how proud she was to be part of the DCH family. The Deane Corliss Room will serve as a permanent testament to her dedication to DCH, and a memorial to those of us who knew her and now miss her."
